ABOUT ME

Enthusiastic and determined B.Tech Computer Science student with a strong interest in blockchain technology and decentralized systems. Passionate about learning new technologies and building practical, real-world solutions.

EDUCATION

Vellore Institute of Technology | 2023 - 2027

B.Tech in Computer Science

Currently in 4th Year (7th Semester)

CGPA: 9.03

Narayana Junior College | 2021 - 2023

Secured 97.9 % in 12th Board

PROJECTS AND CERTIFICATIONS

Stock Market Trend Prediction

Developed a machine learning model to predict stock market trends using historical data and technical indicators. Applied KAN based LSTM algorithms. Authored a research paper detailing the methodology and findings.

Proof-of-Skill

Developed a Web3 platform on Ethereum Sepolia enabling fans to back creators for a share of future revenue. Engineered Solidity smart contracts with Superfluid IDA for real-time, single-transaction revenue distribution. Built a responsive Next.js and TailwindCSS dashboard to track backing goals and user portfolios.

Oracle Certified - Gen AI Professional

Completed a professional course by Oracle covering foundational and advanced concepts of generative AI, including practical applications and ethical considerations.

SKILLS

- Programming Languages: Python, C/C++, Java, R, SQLPlus, Solidity
- Web Technologies: HTML, CSS, JavaScript, React
- AI/ML: TensorFlow / PyTorch, Scikit-learn, Pandas, NumPy, LSTM, Regression Models
- Tools & Platforms: Git, GitHub, VS Code
- Others: Data Structures & Algorithms, Problem Solving, OOPs Concepts
